

ORCHARD PARK QUAKERS

TWO SPORT ATHLETE

Dear Orchard Park Athlete Parent/Guardian,

Thank you for your continued support of the Orchard Park Athletic Department. It is my understanding that your child is interested in participating in two high school sports this season. Please review the OPCSD Policy regarding two sport athletes. After reading, please complete and return the 2 sport athlete form. Your child will need to make a determination on which sport is their primary sport and have coaches sign the form. If you have any questions, please contact me at your earliest convenience.

Yours in Sport,

David Hack

Two Sport Athletes 7420

Consideration will be given for high school student athletes wishing to play two sports within a given season. Such consideration will be given for one season only, and a student athlete will not be permitted to participate in more than four sports within a given school year. Student athletes requesting such consideration must do so at least two weeks prior to the start of the athletic season, thereby allowing ample time to evaluate and consider the request. Consideration for two sport athletes will be limited to high school athletic teams (i.e. freshman, junior varsity and varsity teams), and such exceptions will not be made for middle school level sports teams. The Athletic Director will work with the student athlete, his/her parents, school building administration, the guidance counselor and the student athlete's teachers and coaches to evaluate whether or not the student would likely be academically successful while meeting the demands of participating in two sports. It is the belief of the Orchard Park Central School District Board of Education to prioritize academics over athletics, and consideration for participation in two sports within a season will only be given to students in strong academic standing. The Athletic Director will evaluate the student's academic performance, student discipline record, and attendance. After consulting with school personnel and evaluating the criteria outlined a determination will be made by the Athletic Director.

TWO SPORT ATHLETE FORM

PARTICIPATION IN (2) DURING (1) SEASON FORM

*Please note: such consideration will be given for **one** season only, and a student athlete will not be permitted to participate in more than four sports within a given school year.*
