# Rightsizing

## **During the Covid-19 Pandemic we were the leading District in the area for in-person instruction:**

To accomplish this, we added 70+ additional building based staff (teachers, teaching assistants, teacher aides, paraprofessionals, monitors, etc...). However, we purposely did not build in significant continuing personnel costs with the use of our Federal Funds. This staffing model and use of one-time funds were developed in a manner to get us through the pandemic., not to be permanent additions.

## **Federal Funding utilized for the following (in a temporary manner):**

- September of 2021
  - K - 3 in everyday - largest class size was 15 students to meet the requirements of NYS
  - 4-12, every other day hybrid
  - A fully virtual, K - 12 school that had 300+ students
  - 6' distance at all times, including lunch
- September of 2022
  - Federal Funding utilized for additional remedial support, tiered interventions, smaller class sizes at specific grade levels, to close learning gaps presented during Covid
- September of 2023
  - Began rightsizing temporary needs as our Federal Funds were entering the final year

***We were able to accomplish all of this with having a 0% tax levy increase the last two years!***
