

Dear Families,

Here at **Orchard Park Middle School**, we know that the best way to improve our reading skills is to read, read, read! So we want our students to show off all the ways they integrate reading into their lives. We have a bulletin board set up titled "How Do You Read?" Here's what we need you to do; send us pictures/selfies of your child and/or family reading. Reading a favorite book, in a favorite place, or with a favorite person. Reading a newspaper, reading a catalog, reading a recipe book in the kitchen. Be creative. What's the silliest place you can think of to read a book? Dress up like your favorite character when you read. We are also including some speech bubbles if you would like to add your own captions.

You can send in actual photos, or just print your own at home. We cannot guarantee that your pictures will be returned in perfect condition.

Thank you,

Mrs. Masters :)
